Opiate/Pain Management Agreement

The purpose of this agreement is to prevent misunderstandings about certain medications you will be taking for pain management. This agreement will help you and your provider comply with the law regarding controlled pharmaceuticals.

- I understand that this agreement is essential to the trust and confidence necessary in a provider/patient relationship, and that my provider undertakes my treatment based on this agreement.
- I understand that if I break this agreement, my provider, on his sole discretion, will stop prescribing these pain/control medicines, switch me to non-opioid only medications, or may discharge me from his care. A drug-dependence treatment program may also be recommended.
- I understand that there is a risk of psychological and/or physical dependence, serious interactions with other medications/substances, risks of addiction, respiratory depression, organ damage, and death associated with use of opioid/narcotic medication.
- I will fully cooperate and comply with other recommendations including referrals to physical therapy or other providers and to interventional procedures including injections or nerve blocks as may be deemed necessary by my provider as part of my treatment plan.
- I would also be amenable to seek psychiatric treatment, psychotherapy, and/or psychological treatment if my provider deems it necessary.
- I will communicate fully with my provider about the character and intensity of my pain, the effect of the pain on my daily life, and how well the medicine is helping to relieve the pain.
- I will not use alcohol or any illegal controlled substances (including marijuana, cocaine, etc.) or misuse or self-prescribe/medicate with legal controlled substances.
- I will not share my medication with anyone.
- I will not attempt to obtain any controlled medications, including opioid pain medications, controlled stimulants, or anti-anxiety medications from any other provider.
- I will safeguard my pain medication from loss, theft, or unintentional use by others, including youth. Lost or stolen medications will not be replaced. A police report may be requested by my provider if this happens.
- I agree that refills of my prescriptions for pain medications will be made only at the time of an office visit or during regular office hours. No refills will be available during evenings or on weekends.
- I agree to use only this pharmacy for filling all of my pain medicine prescriptions:

  Pharmacy name: _____

  Pharmacy address: _____

  Pharmacy phone number: _____

- I authorize the provider and my pharmacy to cooperate fully with any city, state, or federal law enforcement agency, including this state's Board of Pharmacy, in the investigation of any possible misuse, sale, or other diversion of my pain medication. I authorize my provider to provide a copy of

this agreement to my pharmacy, primary care provider, and local emergency room. I agree to waive any applicable privilege or right of privacy or confidentiality with respect to these authorization.

- I agree to submit to a blood, saliva, or urine test if requested by my provider to determine my compliance with my program of pain control medications.
- I understand that my provider will be verifying that I am receiving controlled substances from only one prescriber and one pharmacy by checking the Prescription Monitoring website periodically throughout my treatment period.
- I agree that I will use my medicine at a rate no greater than the prescribed rate and that use of my medicine at a greater care will result in no medication for a period of time.
- I will bring unused pain medication to every office visit.
- I agree to follow these guidelines that have been fully explained to me.

All of my questions and concerns regarding treatment have been adequately answered. I may request a signed copy of this document at any time.
